

British Model Flying Association

Western Area

Cordially Invite you to

An Achievement Scheme “Train & Test” day
of fun and frolics hosted by Bristol Radio
Control Model Aircraft Club.

Saturday 28th March 2026 commencing at
10:00 at Duckhole to the north of Thornbury.
<https://maps.app.goo.gl/vdVxH7tzvvNa3S6w8>

We are bringing the BMFA Achievement Scheme to the Club and will provide whatever assistance fixed-wing flyers request on the day. The Area’s Examiners and Instructors will be in attendance and can include training, assessments, demonstration flights and testing of candidates. We also wish to promote consistency across the Area so will be discussing the Scheme and sharing experiences. We may also be able to support helicopter and “flat field” silent flight activities at this event with advance notice. A BBQ lunch will be provided.

To book your place and for further information on the event please contact John Harris via email: johnharris726@hotmail.co.uk
